

## Where There Is Love

Unhindered

Wrap me in your arms,  
Clothe me in your grace  
Whisper to this heart  
Let me feel your embrace  
Break the bread and wine  
Lead me to the place  
A garden of your love  
Open wide the gate

Chorus: Where there is love there is no room for fear  
And where there is hope every doubt disappears  
And where there is faith mountains are cast away  
And where there is love all things are beautiful

Speak your words of life  
Take my breath away  
Invite me into your courts  
I will not delay

Chorus  
I wanna know the heights  
I wanna know the depths  
I wanna know the widths and lengths of your love (2x)
