

# Vampyrial

Unicorn

Vampire, immortal mighty power  
Vampire, strength of the living dead  
Vampire, you will resist the others  
Vampire, you are fighting till the end

Vampire, empire made of blood  
Vampire, the darkness never end  
A crying, you've got "no-religion"  
Vampire, you've got a wasted land

Another writing has been painted on the wall  
Another victim is sheared and they are coming  
Into the darkness, for the eternity, and powerless we fall  
Where a big fear will not frighten anymore

And now  
You never see the light  
You'll never get to die  
And they come from Transylvania  
You've got to live with me Vampyrial

Vampire, immortal mighty power  
Vampire, your eyes forever beam  
Desire, a castle and the towers  
Vampire, blood is your only need

Another writing has been painted on the wall  
Another victim is sheared and they are coming  
Into the darkness, for the eternity, and powerless we fall  
Where a big fear will not frighten anymore

And now  
You never see the light  
You'll never get to die  
And they come from Transylvania  
You've got to live with me Vampyrial

You'll never get to die  
You never see the light  
And they come from Transylvania  
You've got to live with me Vampyrial

Believer in fairytale, in name of Vlad we'll come back  
In new worlds for our soul

Delivered so far away and waiting for tomorrow  
A new day, a better day
