

Last Day

Unida

He was just hiding
'Side of the road
Take with the fly high yeah
The love road
You holdÿ your head so high
So much for the love
She was so blinded
Too far gone to know

'Cause if you believe
She's trying to conceive
If left it to me
Just to go on
To know
You're too much for the love

She was just building
She was going away
I take what the hell you really need babe
Take it far away
You didn't ask if you really need to
Up on the beauty hill
You shouldn't took the place for me
Well on that very last yeah, well on that very lastÿ yeah

'Cause if you believe
She was trying to conceive
You've left it to me
Just to go on
You're too much for the love
