

Do you wanna say goodbye to your best friend, your buddy?  
Never wanted to slap your girl, she's your money  
I said love, only love  
You spread your wings and you fly with the best  
it's so bloody, it's so bloody

Love, whoa love, you wanna survive  
Love, whoa love, you wanna survive

Take your time, take your hate out  
I can tell you, it's a lady's game  
You take a life of shit  
oh man, you almost went insane  
Love, only love  
No one cares, and you lie to yourself  
It's the wrong place, it's the wrong face

Love, whoa love, you wanna survive  
Love, whoa love, you wanna survive

Love, only love  
You spread your wings, and you fly with the best  
It's so bloody, it's so bloody

Love, whoa love, you wanna survive  
Love, whoa love, you wanna survive
