

Final Approach

Union 13

we're standing in the back of the line
and our time is running out.
there's nothing that we can do, 'cause we're living our
lives with illusions and false hopes.

we're the target of society
we're the target of all governments
we're the target of just about everyone
i confess to no less, it's our final approach,
the final approach is here!

[Chorus]
oh, oh, oh...! oh, oh, oh...

[Verse]
as we're getting older, it's hard for us to believe
that we end up doing, the same exact things.
we don't believe this country stand for freedom
the only thing we see is a cell for you and me
we are all prisoners of war living the illusion of hope!

[Chorus]
oh, oh, oh...! oh, oh, oh...

[Repeat first verse]

[End with chorus]
