

Life is joke or at least that's how we treat it  
Common sense is scare now that we really need it  
The scales tip on stupid  
The ignorant outnumber those still care (STILL CARE)

[Chorus]  
It didn't have to end this way  
With everyone in conflict tomorrow is another day  
Let's see what grows out it as we watch from the other side  
mistakes outnumber chances  
space expansion will go on  
with or without all of us around.

The answer is really simple  
A forward motion not a reversible spindle  
powered by violence and bad thoughts all around  
for your sake and mine  
Take a deep breath and TRY!
