

# I Love To Watch You Sleep

Union J

Looking out the window  
Moon is smiling as you're laying next to me  
For the first time I know in my soul  
That I am where I'm meant to be, here with you

It's times like this I know  
That I have everything I need  
I love to watch you sleep  
Cus I love to see you dream

And I hope that you are dreaming of me  
And I hope that I am the one you see  
And I hope that we can live this dream forever  
Cus where you are is where I'm meant to be  
I love to watch you sleep  
Cus I love to see you dream

In this silence I can feel you breathing,  
Your heart beating next to mine  
Lost inside this moment  
I just wanna spend each moment of my life, here with you  
Cus knowing that you're in my world

That makes my world complete  
I love to watch you sleep  
Cus I love to see you dream

And I hope that you are dreaming of me  
And I hope that I am the one you see  
And I hope that we can live this dream forever  
Cus where you are is where I'm meant to be  
I love to watch you sleep  
Cus I love to see you dream

Wide awake  
Thinking bout my life before you found me  
Every day  
I wanna wake up with you wrapped around me

La da da da da  
La da da da da da da

And I hope that you are dreaming of me  
And I hope that I am the one you see  
And I hope that we can live this dream forever  
Cus where you are is where I'm meant to be  
I love to watch you sleep  
I love to watch you sleeping

La da da da da  
Cus I love to see you dream
