

One More Time

Union J

Tonight, watching the sun go down in your eyes
It's just you and me and memories of good times
Now it's the final night of the summer
Let's do it one more time

Turn it up, We're up all night
Let's get on it
You can't deny, when the sun comes up
We'll say goodbye
Let's get on it
One more time

Turn it up girl
oh oh oh
One more time

So, call all of your girlfriends, I'll get my guys
We'll raise a cup and drink it up

Some beach guitar by the firelight
One more party, one more time

Turn it up, We're up all night
Let's get on it
You can't deny, when the sun comes up
We'll say goodbye
Let's get on it
One more time

Turn it up girl
oh oh oh
One more time

Turn it up girl
We'll say goodbye
One more time

Yeaahh

You and me girl
You and me girl
You and me girl

Ooooh

Turn it up, We're up all night
Let's get on it.
You can't deny, when the sun comes up
We'll say goodbye
Let's get on it
One more time

Turn it up girl
oh oh oh
We'll say goodbye
One more time

You and me girl
You and me girl

One more time
