

# Run

Union J

I'll sing it one last time for you  
Do we really have to go?  
It's been the only thing that's right in all I've done, ohh

Light up, light up  
As if you have a choice even if you cannot hear my voice  
I'll be right beside you dear

To think I might not see your eyes makes it so hard not to cry  
As we say our long goodbyes, I nearly do, ohh, light up

Light up, light up as if you have a choice  
Even if you cannot hear my voice I'll be right beside you dear  
(I'm right beside you dear, I'm right beside you dear)

Louder, louder and we'll run for our lives  
I can hardly speak, understand how you can raise your voice to  
say  
(to say ohh)

Light up, light up
