

## Music In Me

Uniting Nations

I'm flying high  
Got my feet off the ground  
Going to spread my wings  
Spread love around  
Gonna climb so high  
But I'm never coming down  
I want you to see  
I got music in me

Going to spread my wings  
Spread love around  
Gonna climb so high  
But I'm never coming down  
I want you to see  
I got music in me

I'm flying high  
Got my feet off the ground  
Going to spread my wings  
Spread love around  
Gonna climb so high  
But I'm never coming down  
I want you to see  
I got music in me

I've got  
You got  
We got  
Music, baby

I've got  
You got  
Music
