And she drop it down low  
She poked out her booty  
And she made her sweep da flo  
She sweep da flo, sweep sweep da flo

You the baddest thing up in here  
My little playmate of the year

Sweep the flo hoe get yo feel

She sexy, exotic, bootylicious, she got it

"How much money in your wallet"  
Sweep da flo drop it down real low  
Shake that ass 'till you can't no more  
Make you work like a certified bro  
Go baby go baby go  
Low baby low baby low  
Sweep, Sweep, Sweep da flo

In this club on dro, shots of patrone  
One more day and we gone  
Poke it all night, pop it all night  
Get low bitch sweep the whole house  
Yeah, you know what it is  
Sweep da flo, let the freaks come out

She put her hands on her knees  
and she drop it down low  
She poked out her booty

Shit, shit make some room  
The bitch comin through  
And imma call her broom  
Sweep the flo till the shit gets swept  
Shorty by herself she don't need no help  
She hard and she'll run a pompoo off the yard  
She whip whip whip whip  
On a face make a nigga say yeah  
Make good and ask for her number  
I wonder if she wanna be my baby mamma  
Got this nigga drunk  
Jumpin all money by the mother fucking trunk  
She a badass yellow bitch

In the club every night doin that nasty shit  
If you wanna see her bend over and touch them toes  
In the booty club where you need to go

You wanna see the bitch get nude  
And pop that pussy with attitude  
Put titties in your face like suck it  
Then shake it on your dick like f\*\*k it  
Little mamma ain't scared  
But you gotta be spinnin that bread  
Look, you gotta make it rain on the hoe  
then watch her scoop somebody off their toes

She put her hands on her knees  
and she drop it down low  
She poked out her booty  
and she made her sweep da flo  
she sweep da flo, sweep sweep da flo  
sweep da flo, sweep sweep da flo  
she sweep da flo, sweep sweep da flo  
sweep da flo, sweep sweep da flo
