

## Ever Rest

UNKLE

Small part of me  
The light by which I see  
I'm not trying to break you down  
I'm not trying to break you down  
A single tear can be  
Every part of me  
One drop can wash me down  
One drop can clear me out

And then one day  
Regrets in every combat

Feign dignity  
Come for miles to see  
I'm not trying to break you down  
I'm not trying to break you down  
A single tear can mean  
Everything to me  
One drop can wash me down  
One drop can clear me out

I'm holding to nothing  
Repeat my destruction  
Inside voices taunt me  
Just holding to nothing  
Repeat my destruction  
Inside voices haunt me

We'll climb from the fire  
This land wont tie me
