

# Nerve Damage!

Unknown Mortal Orchestra

We got the special remedy  
We got electric skin Novocaine  
We gotta wipe the wipers  
And dodge the snipers  
And try to keep the rattlesnakes from fucking it up

You got nerve damage  
You got nerve damage  
You got nerve damage  
The cops must've took you down  
The cops must've took you down  
The cops must've took you down

Cops say they don't need a staff aid

We gotta wipe the wipers  
And dodge the snipers  
And try to keep the rattlesnakes from fucking it up

We got nerve damage  
We got nerve damage  
We got nerve damage  
The cops must've took you down  
The cops must've took you down  
The cops must've took you down
