

So Good at Being in Trouble

Unknown Mortal Orchestra

Now that you're gone
It's been a lonely, lonely time
It's a long, sad lonely time
The strange day to find
It's a strange old state of mind
Help me, they mess, with my mind
You and mine, to deny
She was so good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So bad being in love
Now that you're gone
It's been a lonely, lonely time
It's a long, sad lonely time
The strange day to find
It's a strange old state of mind
Help me, they mess, with my mind
You and mine, to deny, to deny
She was so good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So good at being in trouble
So bad being in love
