

I Bring You Death

Unleashed

Once a friend
With open arms
A moment black
Now dagger sharp sits in my back
Felt the pain
Seeing red
It's all too late
Before my eyes the veil of hate

You took my soul; I'll take your flesh
So filled with rage I bring you death

I bring you death
I bring you death

On your knees
Before me bleed
How's it feel?
To be the one to be deceived
See the life
Now drain away
As you die
Your filthy pleas just pass me by

You took my soul; I'll take your flesh
So filled with rage I bring you death

I bring you death
I bring you death
