

## My Life for You

Unleashed

We travelled far  
On this path of war  
Where brave warriors  
From town to town  
From land to land  
Joined to fight  
(my life for you)

You heard the call  
And marched to war  
Brave warriors  
You stood so strong  
Right by our side  
Through storm and rain  
(my life for you)

You stayed all true  
Through the winds of change  
Brave warriors  
Death metal pride  
Don't wash away  
Legions of hate -  
(my life for you)
