

## Only The Dead

Unleashed

You open wide and prepare to receive  
A hunger for sex unseen  
You crave hard penetration  
And order me to come deep  
You'd be all right just to suck me dry  
But you can beg and plead...

I only fuck the dead  
I only fuck the dead  
Only the dead

This ain't no game, it's about life & dead  
To satisfy your needs  
You demand a sensation  
And crave my anal feed  
You'd be all right with just a "golden rain"  
But you can beg and plead...

I only fuck the dead  
I only fuck the dead  
Only the dead
