

## Your Pain My Gain

Unleashed

So much hatred  
Towards man  
A true psycho  
Yes i am  
I will feed you  
With fake trust  
But you'll meet my  
Morbid lust

Your pain - my gain

Now i've got you  
On your knees  
And i'll use you  
As i please  
When i kill you  
Peace of mind  
A life taken  
I feel fine
