

Playing The Fool

Unter Null

Your obsession
Was your downfall
You gave in
And I took it all
The life I know
Is not the same
I turned away
Drove you to shame

See my eyes
See how much they despise you
Waste my time
I'm never coming back again
Watch me leave
See what you're gonna lose
You waste my time
I'm never coming back again
You're such a fool
You had your chance
You trashed it all
Oh....FUCK your time
I'm never coming back again
I'm never coming back again

I played the fool, you bought my lie
You ran away, I hid my eyes
You are blind and you are deaf
You've nothing more, you've no respect

You played the fool, I played the lie
I ran away, you hid your eyes
I was blind and you were deaf
You've nothing more, you lost my respect
