

Watch You Die

Unter Null

Destroyed by your malfunction
Pick up pieces of disease
Slow death from love and loss
You can't see the truth you hide

I watch you fade away
I will watch you die
I watch you fade away
And I have watched you die
And I will watch you fade away
And I will watch you die
And I watch you walk away
And I will watch you die

I hate the ones that ruined you
The ones that scorned and hated you
I watch you walk away
And they will watch you die

I hate the ones that ruined you
The ones that scorned and hated you
In all their glory they watch you die
And I will watch you fade away
I watch you fade away
And I will watch you die
