

Well, I'll see you around
Don't want to stay and drown
The drama got too thick
Makes me sick
And I don't wanta talk about it
I already thought about it
Stripped down of my pride
I shed the tears then dried these eyes
It was fun at the start
But maybe we're world's apart
Facing different ways
Different plains
And I don't wanta drag it out and
I just got to get on out and
Leave it all behind
It's time so don't deny it
I wanta know...does it show on my face
I'm sick of this place
I wanta move on, cause the feeling is gone
I wanta see...is it me out the door
I told you before
I wanta have fun, and it's just begun
I've seen the light
Tried to talk about it
If you were ever down for me
Just stop...you'd see
You know I'm right
And it showed in your eyes
What we shared had run empty
So let...it be
I wanta know...does it show on my face
I'm sick of this place
I wanta move on...now there's one of us gone
I wanta see...is it me out the door
I said it before
I wanta have fun, and its just begun
