

Rest of My Life

Unwritten Law

Am I the only one that feels alone
Though, all is home
Emotions flow
Am I the only one that hears the tears run down my face
Would anybody recognize at all
Cause I know
I'm so slow
But I'm trying
And I'm still dying to know
Say you won't leave for the rest of my (life)
Life's the only thing that deals the pain
Like pouring rain
Breeding hate
And I don't wanna do no wrong
My God, it's been so long
Please comfort me
Before I go insane
[Chorus]
