

Swan Song

Unwritten Law

The telephone rang but I missed the call
cause I was too busy out trying to break the law
Only nineteen but I knew it all
Two bad tattoos and an attitude problem

I seen the sun go down on the west side
I've taken one or two hearts for a test drive
It ain't what I need it's about what I want
And I don't wanna take it no more.

This could be the end
I'm not holding on
I can't go on any longer
So listen close my friends
I may be moving on
Please just think of me now when I'm gone
This is our swan song.

When the curtain falls at the concert hall
I'll be writing my number on the bathroom wall
For a good time call me anytime you want
But I may not listen cause I heard it all.

I seen the sun go down on the west side
I'll write a song we can sing in the next life
It ain't what I need it's about what I want
And I don't wanna take it no more.

This could be the end
I'm not holding on
I can't go on any longer
So listen close my friends
I may be moving on
Please just think of me now when I'm gone.
This is our swan song.

Come on sugar sugar do you wanna ride
This is our swan song.
If you got the money then I got the time
This is our swan song.
I know I said I loved you but that was last night

And I don't wanna take it no more.

Cause this could be the end
I'm not holding on
I can't go on any longer
So listen close my friends
I may be moving on
Please just think of me now when I'm gone.

I'm not holding on. I'm not holding on.
I can't go on
So listen close my friends
I may be moving on
Please just think of me now when I'm gone.
This is our swan song.

This is our swan song.....
