

The Legend of Johnny and Sarah

Unwritten Law

Johnny was just a kid I knew
maybe he didn't have a clue
but he's gone
you know it's just a shame
and she's the one to blame
Sarah, not just the girl next door
she's well known, I don't go there no more
but Johnny
Johnny found out too late
and now she's the one to blame
now he's gone just as quick as he came
well now something had gotten into him
he shouldn't have been
where the whole town had been, in Sarah
she was his only one
poor Johnny she's everyone too
and sometimes I'll see her round town
she never grows old
she still gets around
and I know, I know her intent
and Sarah will ride again
oh yeah, she's gonna ride to the end
