

Thinker

Up Dharma Down

Thought it out
I'm convinced
There is no difference
In our differences

You get what you want
I'm unnerved
When I get what I need,
Its not what you say you deserve

When I try to say goodbye
You stop me on my feet
And push me up to lead the way
And there you go leaving while I stay down believing

Free your mind, you say
Free your mind, you say
Free your mind, you say
Does this free your mind?
Free your mind, you say
Free your mind, you say
Free your mind, you say
Did I free your mind?

The sweetest beginnings
Now on the edge of pretension
Though I believe you when you say
You've got the clearest intentions

No I'm not looking for love
It's not like I'm gonna find it
But you let me slip through your fingers
And expect me just to stay behind it all

Is it love at your mercy?
And prayer is all that I need
I've given you everything
For you to feed on me dry
No need to try too hard every time

Free your mind, you say
Free your mind, you say
Free your mind, you say
Does this free your mind?
Free your mind, you say
Free your mind, you say
Free your mind, you say
Are you liberated?

Ooooh...
You can do anything you want now
Enjoy yourself, but
Enjoy yourself, but

You're on your own now
You're on your own now
You're on your own now
