

Waiting For A Sign

Up Dharma Down

And I'll hold my breath
Just until the train stops
Then I'll count to ten
Maybe I'll see raindrops
As I'm waiting for a sign

If he takes me out
And we talk til midnight
And he holds my hand
Til then I'll just sit tight
Just waiting for a sign

Lean on to me don't ever
Look back again no never
Cos I am waiting forever
This is more than a sign
I am here and you're mine
