

I'm hearing every word you say only I'm not listening  
I hope you regret this  
Attack and destroy the line  
Speak the words that you want me to remember and I'll  
I'll take them to the death  
To the death

This is a payment of society  
If you promise there's no forgiving me  
Just a precaution for security  
I want it all  
Yeah!

I must walk on the blood of all humanity  
To mark the yard where hope drowned  
This is the battleground  
Here we go

Now we'll set the tone  
You're becoming the sheep and we're the cannibals  
This is only a game  
As you were bending the rules we built our foundation

You think you're big time?  
You're gonna fucking die big time

Now speak the words you want me to forget to the death  
Enjoy the company  
I will show you what it is to yearn

We'll shake the fucking ground  
Lets burn this mother down  
It shook before and we'll shake it again before we're done

This is my payment to society if you promise there is no forgiving me  
Attack, we will set the tone we will take it all back  
You're the sheep, we're the cannibals  
This is just a fucking epilogue  
We'll shake the fucking ground
