### Upon This Dawning

I will refuse to stand next to you, you dug a hole in my chest  
You better get the fuck out and always watch your back  
I gave it all and i don't repent because i'll always be the fuc  
king same  
Well, now you fucked me so please disappear, bitch!  
That was what you deserved and now choke with all of your lies  
in your throat

You will regret the choices you made until your last day  
'Cause every time i tried to find a way to save you, you've nev  
er been there  
If i wanna fall or rise it's just up to my wishes  
I know I'll never be the one who let you down

Why are you waiting for something you already know?  
You'll never gonna change  
Fuck that! Tomorrow is already gone, you better try to save you  
rself

You've never tried to leave the past behind you  
because you're just afraid  
I'd let you fill my heart but you don't care  
I'm just a voice in your head

The path i chose brought me where i belong  
And i don't care if you will try, i will never let you in

I will always remember what we used to be  
When all the things we had were just clear  
I will always remember what we used to feel

Have you ever thought that what i said it was true?  
Have you ever fought for what is keeping you alive?

You've never tried to leave the past behind you  
because you're just afraid  
I'd let you fill my heart but you don't care  
I'm just a voice in your head

This is what you deserve

The path i chose brought me where i belong  
And i don't care if you will try, i will never let you in

You've never tried to leave the past behind you  
because you're just afraid  
I'd let you fill my heart but you don't care  
I'm just a voice in your head
