

# Memories And Lies

## Upon This Dawning

It's time for me now to leave you  
I was thinking on it from a long time, I have to go  
It's not a problem for you to live without me  
I have to go, I write you a letter  
Dear friends, parents and others  
I've tried to live without your helps, your smiles  
Now I've realize that I was always wrong with you  
So now I go, I have decided to leave me all alone

So I can say that I want stop my life  
I have realized that all what I've done was wrong  
So please don't try to look for me, there's no more time  
I've stopped my life, I've burned my memories and lies

Now that I think I can remember  
There was a time where we made jokes on life of everyday  
They were days full of happiness and hope (but now)  
But those days are dead with my soul

Don't try to look for me  
Try to put away all my memories  
I won't let you follow my reasons  
This sweet suicide is mine, not yours  
Take a look on this big blue sky  
Think about all what we lived together  
Close your eyes and feel the deep of life  
I'll take you away forever and ever

(Die alone, this life is so hard) I wish you follow the best way (don't go away)  
(Die alone, burn with my heart) Forget all those bad days with a new life (please stay with me tonight)  
(Die alone, this life is so hard) I know that is no easy to ignore  
(Die alone) I'm dead, I've burned all memories and lies.
