

## No Coming Back

### Upon This Dawning

I know you're trying to bring me down  
You always wanted to  
But there's no way I let you push me into your grave

You're giving up for no reason  
Your giving up cause there's nothing left to say  
You fucked me over once again but I'm still here to stand

That was the last time that I cried for you  
I know you're trying hard to bring me down  
That was the last time  
I know you're trying to but I'll never be a part of you

You traitor my world will get you down  
When you'll be there standing for nothing you'll see what I become

I won't beg you to stay here you're just deluding yourself

I built a wall to avoid you and keep you out  
I got enough of your disgusting life  
This is the face you won't forget  
Keep in mind there's no coming back

That was the last time that I cried for you  
I know you're trying hard to bring me down  
That was the last time  
I know you're trying to but I'll never be a part of you
