

No Coming Back

Upon This Dawning

I know you're trying to bring me down
You always wanted to
But there's no way I let you push me into your grave

You're giving up for no reason
Your giving up cause there's nothing left to say
You fucked me over once again but I'm still here to stand

That was the last time that I cried for you
I know you're trying hard to bring me down
That was the last time
I know you're trying to but I'll never be a part of you

You traitor my world will get you down
When you'll be there standing for nothing you'll see what I become

I won't beg you to stay here you're just deluding yourself

I built a wall to avoid you and keep you out
I got enough of your disgusting life
This is the face you won't forget
Keep in mind there's no coming back

That was the last time that I cried for you
I know you're trying hard to bring me down
That was the last time
I know you're trying to but I'll never be a part of you
