

Passion

Uppermost

This is the fastest way I know
Alley trees were grown again
I cut across the city's backyards
And every blade of grass would make me sneeze

This is the fastest way I know
Alley trees were grown again
I cut across the city's backyards
And every blade of grass would make me sneeze

Oh I swear
Surrounded?

The sun will set for you
The sun will set for you
The sun will set for you
The sun will set for you

(Will set for you)
Caught a glimpse of her grace
(Will set for you)
Caught a glimpse of her grace
(Will set for you)
Caught a glimpse of her grace
(Will set for you)
Caught a glimpse of her grace

Caught a glimpse of her grace
Caught a glimpse of her grace
