

## Everything Is Fine

Upstanding Youth

Role reversal shut another door.  
Pain liberated pacing on the floor.  
Just another picture a letter than I rend.  
I'm not a loser in a race that never ends.  
Forget about me a lesson that you learn.  
Forget about you, a page that I turn.  
But things sustained just walk away and that's okay.  
So I will wage my bet.

And Everything is fine.  
My conversational lie.  
This joke has had it's time.  
And everything is fine.
