Everything Is Fine

Upstanding Youth

Role reversal shut another door. Pain liberated pacing on the floor. Just another picture a letter than I rend. I'm not a loser in a race that never ends. Forget about me a lesson that you learn. Forget about you, a page that I turn. But things sustained just walk away and that's okay. So I will wage my bet.

And Everything is fine. My conversational lie. This joke has had it's time. And everything is fine.
