well, it's damage
it will happen
I'm a loose cannon
 two worlds collide
 something will have to die
 two worlds unite
 nobody gets by
often said it
more often done it
no intention, no promise
 I said I'd listen
 but I didn't like the news
 bad ignition
 but I couldn't defuse
 I should've stayed my hand
 I should've stayed my hand
 be noble like norrin radd
