

# Last Night/Tomorrow

Urge Overkill

Last Night I was on  
never wanted to get back on  
from the moment I get there  
that's the moment I said I swear, that I,

I won't find a soulmate again - I'm lost, fine console me again  
I won't find a soulmate again - i'm lost that's fine Hey!

coo coo co coo cooo

Last night I was on  
never wanted to go downtown  
run away when I get there  
that's the moment I said, I swear, that I

I won't find a soulmate again - I'm lost, fine console me again  
I won't find a soulmate again - i'm lost I'm lost console me again -  
that's fine Hey

I won't find a soulmate again - I'm lost, fine console me again  
I won't find a soulmate again - i'm lost, I'm lost

and I can't be found, baby babe - you know and I can't be found,  
baby baby hey!

lately I been thinkin 'bout just hitting the road  
doin' 107 but it's still too slow now  
tell me what won't kill me only make me stronger  
time, just in time but for how much longer now  
and how my talkin for you

said, gonna go all the way oh yea  
gonna go all the way oh yea  
gonna dig you up an early grave, dig you again  
gonna go all the way, oh yea

do it again - last night/tomorrow  
oh yea - last night/tomorrow

(I can handle it) [spoken]  
lately I been thinkin 'bout just hitting the road  
doin' 107 but it's still too slow now  
tell me what won't kill me only make me stronger  
time, just in time but for how much longer now  
I'm always rockin' for you

O, gonna go all the way oh yea - gonna go all the way oh yea  
gonna dig you up an early grave, dig you again - gonna go all the  
way

yea oo, baby do it again - last night/tomorrow  
hooo - last night/tomorrow

a stellar sell-out
