Urge Overkill

So long again
Is what your tryin' to say now
What's wrong again
I was the one who said hi hi I know

I know where you been
But what's the matter with askin'
What was that number again
You were the one who said bye bye I know

Well I missed my callin'
And I missed my callin' again
I won't rest till I'm strong again
I will take that story

Hey Jenny are you ready or not
Hey Jenny cause that your all that I've got

Come in
In alone

Hello again
What's the matter this time
Don't give up on a friend
You were the one who saved my life now
Life alone

Well I missed my callin'
And I missed my callin' again
I won't rest till I'm strong again
And I'll take that story

Hey Jenny are you ready or not
Hey Jenny cause that your all that I'm not

Come in
In alone

Doo doo dit doo
