## **The Sodomizer**

Torture, slavery, molesting, endless pain You'll feel them all scum, as you bow down before me Feel my whip as it shreds the skin of your back Making your blood stream, out of your wide open wounds

I'm your ruler, you're a fly to my face A plague for me, i've got to get rid of you I'm no beast, i'm worse than a beast Therefore i'll sodomize you like i've sodomized the fluffy she eps of god

Sodomizer! The fucking sodomizer!
