

Across the Miles

Uriah Heep

When I'm all alone on a distant path
And my ticket home
Has been torn in half
Oh, I can hear your voice girl
I can feel your touch
Across the miles tonight

On the road again will it always be
That the dream has changed
On its way to reality
Oh but the thought of you
Strange how it pulls me through
Across the miles tonight

And I am sending you this message
Through the wires tonight
Just close your eyes and hold on tight
And here I am concentrating girl
With all my might
Now the sound of your laughter
Trails off through the midnight sky

As the miles go by cities come and go
When you close your eyes
And listen to the radio
Girl can you hear my song
The signal is clear and strong
Across the miles tonight

And I am sending you this message
Through the wires tonight
Just close your eyes and hold on tight
And here I am concentrating girl
With all my might
Now the sound of your laughter
Trails off across the miles
