

## All God's Children

Uriah Heep

Crazy little whirlwind child  
Pretty babies drive ya wild  
Look like one, act like another  
Every night a different lover  
Get affection where you can  
Try a boy then try a man  
First time love is in the past  
Make it young and make it fast

All God's children will have their say  
All God's children must have their way

It's a game where you can cheat  
Lovers falling at your feet  
High on sensuality  
A photograph for all to see  
First time love is in the past  
Make it young and make it fast  
They can never get enough  
Strong as death and sweet as love  
They walk and talk like angels
