

Beautiful Dream

Uriah Heep

Sail down the stream
Such a beautiful dream
Never stopping
Never touching anything
Till dawn awakes you
With a breath of the spring

Far from the crowds
Way above the clouds
We can take you to
The edge of the day
Show you living in
A new kind of way

We'll take you floating to
A sea of morning dew
Where everyone's the same
And no one knows your name
And there you'll see that you can
Live your life to the extreme
Such a beautiful dream

We'll take you floating to
A sea of morning dew
Where everyone's the same
And no one knows your name
And there you'll see that you can
Live your life to the extreme
Such a beautiful dream

Such a beautiful dream
Such a beautiful dream
Such a beautiful dream
