Heartache City

Uriah Heep

Hit the city, hit the night
Hit the club, sip the wine
Just remember to leave on time

Hit the red lights, check the girls
You're steppin' into another world
See the man, he'll spin you alive
But just remember to leave on time

Heartache, city of heartache city
City of heartbreak pity
Heartache city
Crazy people in heartache city
City of heartache city
City of heartbreak pity
Heartache city, it's a city of sin

Check the star club, see the stars
See the action
In the back street bars
Lookin' for love
You're in the wrong place
Tricks for kicks
Can you stand the pace

Heartache, city of heartache city
City of heartbreak pity
Heartache city
Crazy people in heartache city
City of heartache city
City of heartbreak pity
Heartache city

Hit the city, hit the night
Crazy people, neon light
You pay your money
It's no real crime
But just remember to leave on time
