

Lost One Love

Uriah Heep

She's lost in the night
She's out of my sight gotta find her again
She's out of my life gotta find her again
Will I ever see the daylight
Will I ever see the sun
Will I ever know the reason
Like a shadow she's gone

She's lost in the night
Out of my sight, have to find her again
Taken my life, have to find her again
Will I ever see the daylight
Will I ever see the dawn
How can I ever find her
She's just a shadow, missing person
I don't know where she's gone

Lost one love
Last seen, somewhere
Walkin' away from the light
Lost one love
Somewhere last seen
Walkin' into the night
She's gone

Will I ever see the daylight
Will I ever see the sun
Can I ever know the reason
Like a shadow, missing person
I don't know where she's gone

Lost one love
Last seen, somewhere
Walkin' away from the light
Lost one love
Somewhere last seen
Walkin' into the night
She's gone
