

Make a Little Love

Uriah Heep

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above, yeah

Looked here and there
Every everywhere
I even searched beyond the dawn
But you were nowhere to be found
And I was going round and round
Lost like I'd never been born

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above, oh yeah

Time after time
I lost my love for a rhyme
And my reason seemed good enough
You always put me down
While you made me run around
I can't take anymore of that stuff

I walked you to your doorstep
Believin' we could make a little love
And I let you have my heart
I was as certain as the stars above, oh yeah

Time after time
I lost my love for a rhyme
And my reason seemed good enough
You always put me down
And you made me run around
I can't take anymore of that stuff

I walked you to your doorstep
Believin' we could make a little love, oh no
And I let you have my heart
I was as certain as the stars above
One more time!

I walked you to your doorstep
Believin' we could make a little love, yeah
And I let you have my heart
I was as certain as the stars above, get out!
