

## No Return

Uriah Heep

I'm at the point of no return  
I'm watching the candle burn - both ends  
There's a lesson we both can learn - this time  
So if you wanna make my day  
There's something you've gotta say  
Now please don't laugh and turn away - this time  
I don't wanna make a fuss  
But this is the time for us  
And I ain't gonna miss the bus - this time

No return -  
So there'll be no turning back once I know that you'll be by my  
side  
No return -  
Maybe you'll give me all the love that you always felt you had  
to hide  
No return -  
I've come a thousand miles across the ocean  
But that ain't half as far as my emotion  
And now I reached the point of no return

While on my way down the avenue  
I had to stop for a drink or two - or three  
Now not that I was stalling you - for time  
It's just I wanted to feel my best  
And I almost passed the test  
I need your lovin' to do the rest - this time

No return -  
So please don't ever do what you've done so many times before  
No return -  
Because I've made up my mind that this time I'll make it thru y  
our door  
No return -  
I rode above the clouds so far below me  
But didn't get as high as when you hold me  
And now I've reached the point of no return

I'm at the point of no return  
I'm watching the candle burn - both ends  
There's a lesson we both can learn - this time  
I don't wanna make a fuss  
But this is the time for us  
I ain't gonna miss the bus - this time
