## **Paradise**

**Uriah Heep** 

I feel you trying
Though in my heart
I know you're lying
And though your love
For me is dying
I see you crying

It's the pain of your secret heart Bringing you to tears Filling you with fears For your mind and for your soul

I touch you softly now
Borne on by hope
Until the end somehow
I am a man and I must keep my vow
I must go on

But the wall of your secret heart Keeps my distance clear Helps my footsteps fall Back in line inside my mind

What's the use you turned me loose And left me here to cry Where's the love we talked about Where's my sunny sky

Secret hearts and sorry tales Will never help love grow Spread your wings my daunted soul The time has come to go

I will not be hurried down Or blackened by your lies I must go and find my dream And live in paradise
