

Party Time

Uriah Heep

Friday night, I'm on my way
I'm steppin' out, I've been working all day
You better watch out, 'Cause I'm on the streets tonight

Well it's party time, I'm all zipped up
It's hot tonight, and I'm ready for love
Jack me up I'm on the loose tonight

I want a little action, some company
No main attraction, no star on T.V.
No long engagement, reach straight for the gun

Party, gonna be a party
Party, yes this is party time

Well it's 9 o'clock, I'm all juiced up
Gonna find a club, gonna get hooked up
Where it's happy hour till 3 am

She gave me 2 for 1, we made a deal
She gave me 3 for 1, I'm thinkin' is this real
I'll give you 4 to 1, if you let me take you home

She said, I want some action honey, some company
Physical attraction is good enough for me
No misconception, I just want some fun
No permanent arrangement as she reached for the gun

Party, gonna be a party
Party, yes this is party time

Saturday I'm on my way
Steppin' out, I've been sleeping all day
You better watch out, cause I'm on the streets again

Well it's party time I'm all zipped up
I'm hot tonight and I'm ready for some love
Jack me up, I'm on the loose tonight

Party, gonna be a party
Party, yes this is party time
