

Perfect Little Heart

Uriah Heep

When I think about it
Does anybody win
Taking for yourself and giving nothing
Now that we're apart
I see it wasn't really love
I can ride down the road
And let my soul run free

You may think it over
But no matter what you say
You're talking to yourself
And getting nowhere
There ain't no second chances
No reason to pretend
I'm gonna ride down the road
And let my soul run free

Now that we've grown apart
It seems so very sad
Why did it turn so bad and I remember
You said that all good things
Must surely end
Never mind all the hearts
That lie broken

I know I'll never make
The same mistake again
I doesn' matter what you say

Now I think about it
We all need a little time
'Cause if we ain't got love
We ain't got nothing
The doors are opened wide
On my one and only life
Gonna ride down the road
And let my soul run free

I know I'll never make
The same mistake again
But I will always be your friend

Now that we've grown apart
It seems so very sad
Why did it turn so bad and I remember
And I remember

Let my soul run free
Let my soul run free
Did I break your perfect little heart
