

Spider Woman

Uriah Heep

I had a spider woman
And she was so good
She chained me
In her web so tight
I lost the freedom
Of release that night
So I stayed right by her

I dreamt I saw a blind man
Who was singing a song
About a guy who
Couldn't take no more
And the meaning of
The words he swore
Told me go find her

She was a spider woman
But she was good to me
Spider woman
But she was good to me

I told her 'bout my vision
But she laughed in my face
So I told her go
And walk in the street
But by the time
She got past my feet
I lost control
