

## K.I.S.S.Y.O.U.

Us3

Come here love let me do what I do  
I wanna k.i.s.s.y.o.u.  
I know how to make you respond  
Giving you what I wish when I wave my wand  
I'm not afraid of what turns you on  
So just take your time let me into your mind  
I'm gonna give you a great massage  
Make you wanna thank god cos you ... so hard  
We could talk for a while start forming a bond  
Or just get busy, it's whatever you want  
Love I wanna be in your fantasy  
I'm a do what you want can you handle me, huh?  
I hope not I'd blow my top  
Until I hit the spot love just don't stop  
Come here love let me do what I do  
I wanna k.i.s.s.y.o.u.  
I'm a freak in the sheets but I'm not in the streets  
I won't cease or retreat til you're reaching your peak  
I got technique I'm a sensual male  
Keeping in shape and attending my nails  
No sharp edges or dirt on my hands  
No corny lines when I'm flirting with fans  
No drugs needed to get me to jam  
No lover that I had can do what I can do  
I got moves like Bruce Leroy and I'm a B-Boy  
Jewish like Leonard Nimoy but I'm not Spock  
Just a nice guy you can trust  
Whispering inside your ear trying to get you to blush  
I'm a A-plus lover you deserve the best  
Let me nibble on the cleft underneath your breast  
Let me press my flesh up against your flesh  
So you can feel my heart flutter inside my chest  
It's like...  
Come here love let me do what I do  
I wanna k.i.s.s.y.o.u.  
I wanna have mind sex in the physical form  
Can you move your body to the rhythm I'm on  
This isn't a porn picture but it's making you warm  
You wanna snuggle up to me while I'm singing my song  
Love you're gorgeous perfectly flawless  
In my minds eye I'm painting your portrait  
All the nice guys wanna visit the florist  
You make little men grow big and enormous  
So let's see how can I please you?  
You're smelling so sweet any fella could eat you  
You don't need to worry cos I'm on the case  
Get ready for my love just give me a taste
